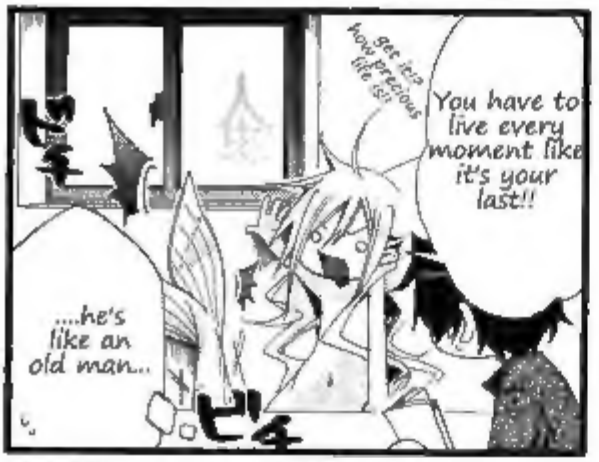
*chips!
It must be because there's two of us using it.
Tatsu-miiii!
I'm out of soap!
Yeah yeah...
But we run out of soap pretty fast lately...
Really?
Liquid...!!?
From now on you're using body soap.
↑ Naturally, a gift
5
The circumstances of our meals

Jeez!!
If you're not gonna play now, when're you gonna do it!?
You won't stay young forever!!

Did you knooow? There's a new clothes store over there.
No wa~y! Then let's go there now!!

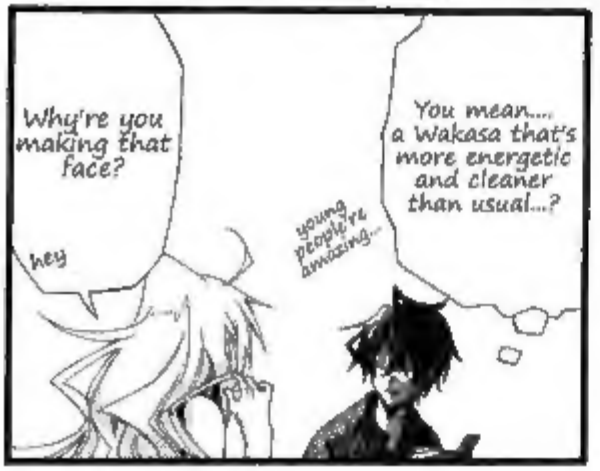


You have to live every moment like it's your last!!
see it? how precious life is!
....he's like an old man...

Tatsumi...
What?
Can't you go have fun with your friends too, without worrying about me?

Lately, I too...
noticed the reality of not having any stamina, and that the hooks in my skin are gone...

At those times, I could (hold back from speaking) stay silent. Besides...
...Waka-sa...



You mean.... a Wakasa that's more energetic and cleaner than usual...?
young people're amazing...
Why're you making that face?
hey

Does it look like I'm the kind that gets rowdy with friends?
and I don't expect you to be able to stay quiet

I'm at a different school so I live alone here in my dead grandparents' place.
I have parents and a little sister
Do you live alone in this place?
Now that you mention it
What about you? Do you have a family?
It's just annoying
Me?
Ohhh~!
As expected of Tatsumi, you're so admirable!
If there were more of me it'd just be an awful lot of trouble!
In a Fish kind of sense? Or in a you kind of sense?

It's been a while since we had meat stew with bird.
I have to be careful when I go shopping from now on...
It'd be troublesome to explain it if he gets suspicious.
...!
...here's dinner...
My,
Tatsumi...
He felt fear for the first time.
something smells
Is there something that you're hiding from me...?
Today's Menu
Mushroom Pasta

Sorry...
It was just worse than I imagined.
Just have this instead
That's why I hid it.

No... I just failed a little at cooking...
It wasn't anything anyone could eat...
it's been a while since I failed that badly

Don't force yourself to eat it if you can't.
I'll eat it.
but i see, rubber huh, i've heard about that

It's alright, Tatsumi!
At these times it's my turn!
Leave it to me!
What times?

No way!

How does it come to that!?
A me that can't eat something that Tatsumi made is just!!
I should just melt into the water and disappear!!

No, it's chicken.
there're a lot of misses in cheap meat
Tatsumi...
Is this... rubber...?

...!
This is bad.... I totally forgot that it's the third Sunday today...
...uh...
Why do I have to spend the night in the bathroom.....
He had to comfort him a long time.
it's alright for me to be here then
.....It's the day my sister comes...
Does something happen today...?
i'm sorry?
What should I do....
.....
